

Are you sometimes fickle?

21 de junio de 2021

To be fickle (inconstante, veleidoso, voluble) is to be inconsistent, unreliable or capricious (caprichoso). The noun is fickleness.

Examine these examples:

- Mr. Podemos is a fickle (voluble) person: he is not reliable.
- Some consumers are fickle (inconstantes).
- The fashion business is very fickle.
- The fickleness of some politicians nettles me. [Click here](#) to review the word “nettle”.
