

Copycat?

21 de septiembre de 2021

“Cat” and “copy” you may know. A copycat (imitador) is a person who mimics (imita) another mortal, or who copies material prepared or written by another person.

So the “copying” is not original and perhaps without permission.

Some examples:

- Mr. Zapotero is a copycat who mimics Mr. Bean (... es una copión que imita a ...).
- He is a copycat.
