

# A lot of kerfuffle for PSOE

31 de mayo de 2023

“Kerfuffle” can refer to a mess (un lío, barullo), a disturbance (disturbio) or a commotion (alboroto).

Put on your thinking cap and contemplate these examples.

- The PSOE bribes for votes, 200 euros per vote, has caused a kerfuffle (...ha armado un alboroto...) for Mr. Sanchez, the Spanish Prime Minister.
- Is Mr. Sanchez mixed up in the kerfuffle (...mezclado en el alboroto)?
- Some PSOE politicians think that the bribes for votes issue is a little kerfuffle (un pequeño alboroto) and insignificant.
- Is Mr. Sanchez sorry for the kerfuffle? Seemingly not (aparentemente, no).

What do you opine (¿qué opina?)?
