

Are you a nemophilist?

8 de marzo de 2023

Perhaps. The word is very similar in Spanish (nemofilista). The pronunciation is “ne-mo-fe-list”.

It refers to a person who loves forests or wooded (boscosas) areas, especially for their beauty and solitude.

Some examples:

- Noor is such a nemophilist, taking delight in observing and enjoying the natural peace in forests.
- What is Giberto´s hobby? He is a nemophilist, always hiking in the forests in the north of Tenerife.

So, are you a nemophilist?
