

To La Moncloa in all your finery?

21 de octubre de 2021

Finery (galas) is a noun, and refers to elegant clothing and other beautiful things such as a natural area or a garden.

Examine these:

- La Gomera is an island brimming with natural finery (...llena de belleza natural).
- Put on your finery (...ponte tus mejores galas para...) for the meeting with Queen Elizabeth of Great Britain.
- Mr. Sanchez, the Spanish Prime Minister, greeted his guests, who were dressed in their best finery (...vestidos con sus mejores galas).

So, how often do you put on your finery?
